

1. Approved For Release 2001/08/15 : CIA-RDP33-02415A000500120001-1 25X1A
2. Certification of [REDACTED] in summer of 1967.
3. Establishment of [REDACTED] 25X1A

1, 2, & 3 above pointed to long standing problems in all major film processing facilities:

- a. Shortage of trained personnel
- b. Rotation of trained personnel
- c. Complex equipment
- d. Complex processing techniques 25X1A

Cite chem. mix prob at [REDACTED]

- e. Facilities presently fixed due size and support requirements such as:
 1. Power
 2. Fresh water supply
 3. Working space
 4. Equipment size
 5. Chem. mix facilities
 6. Equip maintenance
 7. Number of personnel

Solution:

1. Simple processing system
2. Quality at least as good as present
3. Fewest number (unskilled) personnel to operate complete system.
4. Little or no free liquids.
5. Transportable
6. No waste products
7. Low power requirements
8. Faster processing times.
9. Low cost
